Choosing a Primary Care Physician (PCP)

Washington Apple Health Medicaid and Integrated Managed Care members need a primary care provider (PCP). There are several types of PCPs in this directory. Each covered family member may choose a different PCP in UnitedHealthcare Community Plan. Except in an emergency, your PCP and staff will give or manage all your health care. This includes referrals to specialists. PCPs may be family or general practitioners, internists, pediatricians, or other providers approved by UnitedHealthcare Community Plan.

Changing Your PCP

If you want to change your PCP, call Member Services. They will help you pick a new PCP. You may change your PCP during the year. You may also contact a provider to find out if the provider contracts with UnitedHealthcare Community Plan. When you call, be sure to mention UnitedHealthcare Community Plan. Ask if the provider is taking new patients.

Seeing Another Doctor or Specialist

Your PCP might want you to go to a specialist. A specialist is a doctor who treats a special problem, like a dermatologist or a heart doctor. Your doctor will help you find the right specialist. If you have a complex illness, you may need to see the specialist many times. You may see your specialist as often as needed. If you have complex care needs, a specialist can be your PCP. If you need this, call Member Services. We will help you find a specialist who can meet your needs.

Women’s Health Care Services

If you are female, you may want to see a provider in our network who offers women’s health care. You can get these services from an in-network women’s health care provider without a PCP referral.

These women’s health services are covered without a PCP referral or health plan preauthorization:

- Maternity care, including prenatal, delivery, and postnatal care.
- Routine gynecological exams.
- Examination and treatment of disorders of the female reproductive system.
- Other health problems treated during a woman’s health care visit, if the treatment is within the provider’s scope of practice and the service is not excluded.

If you need to see a women’s health provider who is not in our network, you must get a referral from your PCP.
Behavioral Health Services

As a UnitedHealthcare Community Plan member, you’re eligible for Behavioral Health Services, also called mental health and substance abuse services. Mental health providers are listed in this provider directory. They can help you with personal problems that may affect you and/or your family. These problems may be stress, depression, anxiety or using drugs or alcohol.

Washington Apple Health Medicaid members get behavioral health or substance use disorder care through any of the below:

- Your primary care provider (PCP).
- A Community Mental Health Center or substance use disorder agency.
- Another behavioral health or substance use disorder provider.

Talk to your PCP today about any health or behavioral health problems you have. Your PCP will refer you to a behavioral health provider with UnitedHealthcare Community Plan. They can refer you to specialists, and other facilities, such as hospitals and substance use and treatment services. Your PCP will stay involved with you through the stages of recovery: Health, Home, Purpose and Community.

Washington Apple Health Integrated Managed Care members and Behavioral Health Services Only members get these behavioral health and substance use disorder benefits:

- Evaluation and assessment.
- Medication management and monitoring.
- Individual and group counseling.
- Peer support.
- Family counseling.
- Substance use disorder services.
- Education about mental health, treatments and medications.
- Rehab case management.
- Withdrawal management (detox).
- Opiate replacement treatment.
- Case management.
- And more.

You don’t need a referral from your PCP to see behavioral health specialists in your plan. There are some treatments and services that need preapproval before you can get them. To learn more, talk to your doctor.

Out-of-Network Providers

You or your PCP might decide that you need to see a doctor or provider that is not in our network. Your PCP will need to call us for an okay for these services before they will be covered. This is called a Prior Authorization.

Pharmacy

For locations of pharmacies, call Member Services at 1-877-542-8997, TTY 711. Behavioral Health Services Only members will have access to their pharmacy benefit through their medical carrier.

What if I need medical care when I am out of town?

We will pay for routine care out-of-area only if:

- You need to obtain family planning services. You can self-refer to in-network or out-of-network providers.
- You call your PCP first and he or she says that it is important that you get care before you return home.
- Your PCP must then call us to get approval.
- If you do not speak to your PCP before you get routine care when you are away from home, you may have to pay for care yourself. If you cannot reach your PCP, call Member Services.
- Any doctor you see must agree to accept Washington Medicaid payment as payment in full.

This means if you or your family members are on vacation and need routine care, we will pay only if you get our approval first. If you need emergency care when you are out of town, go immediately to the nearest Emergency Room (ER) or urgent care facility. You do not need a referral from your PCP. Call your PCP as soon as you can after getting ER or urgent care services.
No Medical Coverage Outside of the United States

Any health care services you get while out of the country will not be covered by UnitedHealthcare Community Plan. Medicaid cannot pay for any medical services you get outside of the United States.

Language Help

We can give you member materials in a language or format that is easier for you to understand. We have interpreters if your doctor does not speak your language. This is free when you talk to us or your doctors. If you do not speak English and need help, call Member Services at 1-877-542-8997, TTY 711.

Emergency Care

In an emergency, you do not need a prior authorization. Call 911 or go to the nearest emergency room. You can get emergency care 24 hours a day, 7 days a week.
