

Peer Support Services No Longer Require Prior Authorization

UnitedHealthcare Community Plan of Iowa wants to let you know that when you provide peer support services with dates of services starting Oct. 1, 2017, we will no longer require prior authorization. When you submit claims for these services, please use CPT code H0038. Please continue to submit claims for peer support services as you would for other services that don't require prior authorization.

To view the list of services that do require prior authorization, go to: **UHCommunityPlan.com** > For Health Care Professionals > Iowa > Provider Information. Scroll to the Prior Authorization List section on the page and choose UnitedHealthcare Community Plan Prior Authorization IA - Effective [select most recent version]. We update the list quarterly.

All out-of-network services will continue to require prior authorization.
