

HealthChoice Provider Enrollment Requirement Starting Jan. 1, 2018

Starting on Jan. 1, 2018, the Maryland Department of Health (MDH) will require all care providers who bill for services provided to HealthChoice Medical Assistance Program (Medicaid) recipients to enroll in Maryland Medicaid and attest to the following to MDH:

- Provider type
- Service locations
- Managed Care Organization (MCO) network participation

What This Means to You

You must complete enrollment using MDH's online "ePREP" website for your provider type for each service location and submit all required documents to MDH. You can find additional information about ePREP at health.maryland.gov/ePREP.

If you're already enrolled, please log in to health.maryland.gov/ePREP to confirm that you're listed as actively enrolled and associated with UnitedHealthcare Community Plan. This will help ensure your claims reimbursement and/or participation status isn't disrupted. If you're part of a group practice, please verify that your group record lists you as a rendering, ordering, referring and/or prescribing care provider.

What Happens Next If I ...

- **Enroll:** Once you enroll, MDH will confirm your enrollment with UnitedHealthcare Community Plan.
- **Don't Enroll:** If you don't enroll, your **HealthChoice claims for dates of service after that date may be subject to denial**. Additionally, by not enrolling, you will be in breach of your UnitedHealthcare Provider Agreement, which may affect your network participation status.

Effect on Claims Processing

Starting in the second quarter of 2018, we'll validate all HealthChoice claims against the state's provider database before they are paid. Please list only registered National Provider Identifiers and care provider types on claims. Also, you will need to update your information in ePREP, including service locations, telephone numbers and panel status, as changes occur.

Need Help?

If you have general questions, please contact Provider Services at 877-842-3210. For questions about access to or information about ePREP, please contact the MDH provider enrollment assistance unit at 844-4MD-PROV or 844-463-7768. Thank you.
