

### **THSteps Vaccine Administration Claims Error Resolved**

UnitedHealthcare Community Plan recently discovered a system error that incorrectly denied some THSteps Vaccine Administration claims as duplicates. We quickly took action and resolved this error on April 24, 2017, and our claims processing systems are now configured to correctly process the claims. We apologize for any inconvenience this error may have caused.

**If you submitted a claim that was affected by this system error, you don't need to resubmit it – we are automatically reprocessing these claims.**

The following CPT codes were affected:

- **90460:** Immunization administration through 18 years of age via any route of administration, with counseling by a physician or other qualified health care professional
- **90461:** Immunization administration through 18 years of age via any route of administration, with counseling by physician or other qualified health care professional
- **90471:** Immunization administration (includes percutaneous, intradermal, subcutaneous, or intramuscular injections)
- **90472:** Immunization administration (includes percutaneous, intradermal, subcutaneous or intramuscular injections)
- **90473:** Immunization administration by intranasal or oral route; one vaccine (single or combination vaccine/toxoid)
- **90474:** Immunization administration by intranasal or oral route

If you have questions, please contact your Physician Advocate or call Customer Service at **888-887-9003**. Thank you.
