

Update: Taxonomy Codes Requirement for Claim Submissions – Effective Date Extended to Sept. 1, 2017

We recently announced new [Taxonomy Codes Guidelines for Claims Submissions](#) that will require claims for STAR, STAR Kids and STAR+PLUS members to include the correct taxonomy codes.

These guidelines were scheduled to take effect May 1, 2017. To better align with anticipated changes to Texas Health and Human Services claims processing, we're postponing the effective date. **The new effective date is Sept. 1, 2017.**

For announcements related to this and other important news, go to TMHP.com > Providers > [News for Medicaid Providers](#).

If you have questions, please contact your Provider or Physician Advocate directly or call **888-887-9003**. Thank you.
