Other _____

Anticipatory Guidance/Health Education
 (✓ if discussed)

Safety

Appropriate car seat placed in back seat
 Use safety belt and don't drive under the influence of alcohol or drugs
 Keep home and car smoke-free
 Don't leave baby alone in tub or high places; always keep hand on baby
 Water temp. <120 degrees/test with wrist
 Don't use baby walkers
 Check home for sources of lead

Nutrition

Breastfeed or give iron-fortified formula
 Avoid foods that contribute to allergies
 Introduce solid foods at 4-6 months
 Wait one week or more to add new food

Oral Health

Discuss teething
 Discuss good family oral health habits
 Don't share spoon or put pacifier in your mouth to clean.

Infant Development

Consoling a fussy baby
 Put baby to sleep on back/Safe Sleep
 Learn baby's temperament
 Talk, sing, play music, and read to baby
 Establish daily and bedtime routines

Family Adjustment

Encourage partner to help care for infant
 Take time for self and spend time alone with your partner
 Keep in contact with friends, family

Family Planning
 Choose responsible babysitters
 Discuss child care, returning to work

Substance Abuse, Child Abuse, Domestic Violence Prevention, Depression
 Baby cannot be spoiled by holding, cuddling or rocking

Next Well Check: 6 months of age

Developmental Questions and Observations on Page 2

Provider Signature: _____

WELL CHILD EXAM-INFANCY: 4 Months

DATE	PATIENT NAME	DOB
------	--------------	-----

Developmental Questions and Observations

Ask the parent to respond to the following statements about the infant:

- | | | |
|------------------------------------------|--------------------------|-------------------------------------------------------------------------------|
| Yes | No | |
| <input type="checkbox"/> | <input type="checkbox"/> | Please tell me any concerns about the way your baby is behaving or developing |
| <hr style="border: 0.5px solid black;"/> | | |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby cries when upset and seeks comfort. |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby smiles and laughs. |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby is sleeping well. |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby is eating and growing well. |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby can see and hear. |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby likes to look at and be with me. |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby reaches for objects and can hold them. |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby rolls or tries to roll over from tummy to back. |
| <input type="checkbox"/> | <input type="checkbox"/> | My baby lets me know what it wants and needs. |

Ask the parent to respond to the following statements:

- | | | |
|--------------------------|--------------------------|---------------------------------------------------------------|
| Yes | No | |
| <input type="checkbox"/> | <input type="checkbox"/> | I am sad more often than I am happy. |
| <input type="checkbox"/> | <input type="checkbox"/> | I have more good days with my baby than bad days. |
| <input type="checkbox"/> | <input type="checkbox"/> | I have people who help me when I get frustrated with my baby. |
| <input type="checkbox"/> | <input type="checkbox"/> | I am enjoying my baby more days than not. |

Provider to follow up as necessary

Developmental Milestones

Always ask parents if they have concerns about development or behavior. (You may use the following screening list, or a standardized developmental instrument or screening tool. Tool Used _____).

Infant Development			Parent Development		
Holds head upright in prone position	Yes	No	Looks at infant and shares baby's smiles	Yes	No
Laughs responsively	Yes	No	The parent comforts baby effectively	Yes	No
Follows past midline	Yes	No	Parent and baby are interested in and respond to each other	Yes	No
No persistent fist clenching	Yes	No	Parent seems depressed, angry, tired, overwhelmed, or uncomfortable	Yes	No
Raises body on hands	Yes	No	Please note: Formal developmental examinations are recommended when surveillance suggests a delay or abnormality, especially when the opportunity for continuing observation is not anticipated. (<i>Bright Futures: Guidelines for Health Supervision of Infants, Children, and Adolescents</i>)		
Seeks eye contact with parent	Yes	No

Domestic Violence hotline:

National Domestic Violence Hotline - (800) 799-SAFE (7233) or online at <http://www.ndvh.org/>

Safety Tips

Always keep one hand on your baby when he is on a bed, sofa, or changing table so he does not roll off.

Never leave your baby alone in your home, car or community.

Safety Tips

Use a rear-facing car seat for your baby on every ride. Buckle her up in the back seat, away from the air bag.

Keep the Poison Control Center phone number by your phone: 1-800-222-1222

Health Tips

Check-ups are a good time to ask the doctor or nurse questions about your baby. Make a list of questions before you go.

Keep your baby's immunization (shot) card in a safe place and bring it to every doctor or clinic visit. Babies can get shots even when they have a slight cold.

Your baby is still getting all the nutrition he needs from breast milk or formula. Try to keep breast-feeding until your baby is at least 12 months old. Talk to your doctor about when to start your baby on cereal or other solid foods. This usually happens when your baby is 5 or 6 months old.

Check how your baby sees and hears. Watch to see if her eyes follow moving objects. Watch to see if she turns toward a loud or sudden sound.

Keep putting your baby to sleep on his back. Keep soft bedding and stuffed toys out of the crib. Make sure your baby sleeps by himself in a crib or portable crib.

Call your baby's doctor or nurse before your next visit if you have any questions or concerns about your baby's health, growth, or development.

Parenting Tips

Sing, talk, read to and play with your baby every day. Look at your baby and repeat the sounds she makes.

Put your baby on his tummy to play on the floor. Put toys close to him so he can reach for them.

Try to make a daily routine for you and your baby.

When you are a parent, you will be happy, mad, sad, frustrated, angry, and afraid, at times. This is normal. If you feel very mad or frustrated:

1. Make sure your child is in a safe place (like a crib) and walk away.
2. Call a good friend to talk about what you are feeling.
3. Call Cooperative Extension for classes-614. 688.5378
4. Call 800.448.3000 or visit Boystown Parenting Hotline at (<http://www.parenting.org/hotline/index.asp>) They will not ask your name, and can offer helpful support and guidance. The helpline is open 24 hours a day.
