## What is a drug list?

A drug list, or formulary, is a list of prescription drugs covered by your plan. Your plan and a team of health care providers work together in selecting drugs that are needed for well-rounded care and treatment.

Your plan will generally cover the drugs listed in our drug list as long as:

- The drug is medically necessary
- The prescription is filled at a network pharmacy
- Other plan rules are followed

For more information about your drug coverage, please review your Evidence of Coverage.

## Note to existing members:

This **complete** list of prescription drugs covered by your plan is current as of November 1, 2018.

For an up-to-date list of covered drugs or if you have questions, please call Customer Service. Our contact information is on the cover.

**This drug list has changed since last year.** Please review this document to make sure your prescription drugs are still covered. In most cases, you must use network pharmacies to have your prescriptions covered by the plan.

When this drug list refers to “we,” “us,” or “our,” it means UnitedHealthcare or one of its affiliates. When it refers to “plan,” “our plan,” or “your plan,” it means UnitedHealthcare Dual Complete ONE.

As a member of this plan **you have no out-of-pocket costs (cost-sharing) such as copayments or coinsurance for covered, prescribed drugs** when obtained from network pharmacies.

## How do I use the drug list?

There are 2 ways to find your prescription drugs in this drug list:

- 1. By name.** Turn to section “Covered drugs by name (**Drug index**)” on pages 10–29 to see the list of drug names in alphabetical order. Find the name of your drug. The page number where you can find the drug will be next to it.
- 2. By medical condition.** Turn to section “Covered drugs by medical condition” on pages 30–99 to look for drugs based on your medical conditions. For example, if you have a heart condition, you should look in the category Cardiovascular Agents. This is where you will find drugs that treat heart conditions.

### Can't find your drug?

Check the complete drug list by visiting our plan website at [www.UHCCommunityPlan.com](http://www.UHCCommunityPlan.com). You can use online tools to look up your drugs. This information is updated on a regular basis.

## What are generic drugs?

Generic drugs have the same active ingredients as brand name drugs. They usually cost less than brand name drugs and are approved by the Food and Drug Administration (FDA). Our plan covers both brand name and generic drugs.

Talk with your doctor to see if any of the brand name drugs you take have generic versions.

The drug list shows **brand name** drugs in **bold** type (for example, **Humalog**) and generic drugs in plain type (for example, Simvastatin).

## What is a compounded drug?

A compounded drug is created by a pharmacist by combining or mixing ingredients to create a prescription medication customized to the needs of an individual patient. Generally compounded drugs are non-formulary drugs (not covered) by your plan. You may need to ask for and receive an approved coverage determination from us to have your compounded drug covered. Compounded drugs may be Part D eligible. For more information about compounded drugs, please review your Evidence of Coverage.

## **Are there any rules or limits on my drug coverage?**

Yes, some drugs may have coverage rules or have limits on the amount you can get. If your drug has any coverage rules or limits, there will be a code(s) in the “Coverage rules or limits on use” column of the “Covered drugs by medical condition” chart starting on page 30. The codes and what they mean are shown below and on the next page.

You can also get more information about the coverage rules and/or limits applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. If you would like a copy sent to you, please call Customer Service. Our contact information is on the cover.

### **Coverage Rules and Limits**

---

#### **PA - Prior authorization**

The plan requires you or your doctor to get prior approval for certain drugs. This means the plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get approval, the plan may not cover the drug.

#### **QL - Quantity limits**

The plan will cover only a certain amount of this drug over a certain number of days. These limits may be in place to ensure safe and effective use of the drug. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

#### **ST - Step therapy**

There may be effective, lower-cost drugs that treat the same medical condition as this drug. You may be required to try 1 or more of these other drugs before the plan will cover your drug. If you have already tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan to cover this drug.

## **Other Special Coverage Rules**

---

### **B/D - Medicare Part B or Part D**

Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.

### **LA - Limited access**

Drugs are considered "limited access" if the FDA says the drug can be given out only by certain facilities or doctors. These drugs may require extra handling, provider coordination or patient education that can't be done at a network pharmacy.

### **MED - Morphine equivalent dose**

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional edit is called a cumulative morphine equivalent dose (MED). The MED is calculated based on the number of opioid drugs prescribed for you over a period of time. This cumulative limit is required for all plans and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

You and your doctor may ask the plan for an exception to the coverage rules and/or limits for your drug. See section "How can I get an exception?" on page 7 or see your Evidence of Coverage to learn more.

If you don't get approval from the plan before you fill a prescription for a drug with coverage rules or limits, you may have to pay the full cost of the drug.

## What if my drug is not on this list?

If your drug is not included in this drug list we may still cover it. Call Customer Service to ask if it's covered. Or go to [www.UHCCommunityPlan.com](http://www.UHCCommunityPlan.com) to look it up online. The information is updated on a regular basis.

If you find out that your drug is not covered, you can do 1 of these things:

1. **Ask Customer Service for a list** of similar drugs that are covered by the plan. When you get the list, show it to your doctor and ask him or her to prescribe a covered drug.
2. **Ask the plan to make an exception** and cover your drug. Review the next section for more exception information.

## How can I get an exception?

Sometimes you may need to ask for drug coverage that's not normally provided by your plan. This is called asking for an exception. When you do, the plan will review your request and give you a coverage decision known as a coverage determination.

### Types of exceptions you can ask for

---

- Drug list exception:** Ask the plan to cover your Medicare Part D drug even if it's not on the drug list.
- Utilization exception:** Ask the plan to revise the coverage rules or limits on your Medicare Part D drug. For example, if your drug has a quantity limit, you can ask the plan to change the limit and cover more.

The plan may approve your request for an exception if the covered alternative drugs wouldn't be as effective in treating your condition or would cause adverse medical effects.

### Who can ask for an exception?

---

You, your authorized representative or your doctor can ask for an exception by calling Customer Service. Your doctor must give us a supporting statement with the reason for the exception.

### How long does it take to get an exception?

---

After we get the statement from your doctor supporting your request for an exception, we'll give you a decision within 72 hours. You can ask for an expedited (fast) decision if you or your doctor believes that your health could be seriously harmed by waiting 72 hours. If your expedited request is approved, we'll give you a decision within 24 hours after we get your doctor's supporting statement.

## Can I get my drug while I wait for an exception?

As a new or continuing member in our plan, we may cover a temporary supply of your drug if it's not on our drug list or if it has rules or limits. For example, you may need a prior authorization from us before you can fill your prescription. During the time when you are getting a temporary supply, you should talk with your doctor to decide if there is a similar drug on the drug list you can take instead. If you and your doctor decide this is the only drug that will work for you, you will need to ask for an exception. We may cover your drug in certain cases during the first 90 days of your membership.

The following chart shows how much of your drug we may cover while you ask for an exception.

If you...	And you are...	You can ask for...
are a new member in the first 90 days of your membership <b>OR</b> were a member last year and it's the first 90 days of your plan year	not in a nursing home or long-term care facility	at least a 30-day temporary supply
	in a nursing home or long-term care facility	at least a 98-day temporary supply
have been in the plan for more than 90 days	in a nursing home or long-term care facility and need a supply right away	at least a 31-day emergency supply
are going through a change in your level of care, such as being transferred from a hospital to a long-term care facility, any time during the year	not in a nursing home or long-term care facility	at least a 30-day temporary supply
	in a nursing home or long-term care facility	at least a 31-day temporary supply

The prescription must be filled at a network pharmacy. Also, if your prescription is written for fewer days, you can refill it multiple times. This is so you can get your full temporary supply.

We will not pay for more of your drug after you get this temporary or emergency supply unless you receive authorization from the plan.

## Can the drug list change?

We try to change the drug list as little as possible during the plan year. Occasionally we may need to make changes for safety or other reasons.

The drug list may change during the year if your plan:

- Adds new drugs, including generic drugs, as they become available.
- Removes a drug that has been found to be ineffective or unsafe.
- Changes the coverage rules or limits for a drug.

### If we remove a drug from the list

---

Usually, if you're taking a drug on this drug list that was covered at the beginning of the year, we will not remove or reduce coverage during the year. If you are taking a drug that is removed because a generic version becomes available, we will tell you. If the Food and Drug Administration (FDA) says a drug you are taking is not effective or is unsafe, we will take it off the drug list right away.

### If we change the coverage rules or limits

---

We'll tell you if we add prior approval, quantity limits and/or step therapy restrictions on a drug. You can find out if your drug has any rules or limits by looking in the chart on pages 100-123.

### We'll tell you about any changes

---

If a drug you are taking is removed from the drug list during the plan year we'll include an update in your Part D Explanation of Benefits (Part D EOB) statement. We'll tell you about any changes to our drug list at least 60 days before they go into effect or when you request a refill of the drug. If you find out when requesting a refill, you will receive a 60-day supply of the drug so you have time to talk with your doctor. To get updated information about the drugs covered by your plan, please call Customer Service or go to **[www.UHCCommunityPlan.com](http://www.UHCCommunityPlan.com)** to look it up online.

## For more information

For more detailed information about your plan's prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about your plan's prescription drug coverage, we're here to help. Call Customer Service toll-free at **1-800-514-4911**, TTY **711**, 8 a.m. - 8 p.m. local time, 7 days a week. Or visit us online at **[www.UHCCommunityPlan.com](http://www.UHCCommunityPlan.com)**.

If you have general questions about Medicare prescription drug coverage, visit [www.medicare.gov](http://www.medicare.gov) or call Medicare at 1-800-633-4227, TTY 1-877-486-2048, 24 hours a day, 7 days a week.

## Covered drugs by medical condition

The list below has information about the drugs covered by this plan. Find your medical condition to see what drugs are covered. If you have trouble finding your drug, turn to the “Covered drugs by name (**Drug index**)” on pages 10-29.

The first column lists the drug name, which may include the dosage form and strength. **Brand name** drugs are listed in **bold** type (for example, **Humalog**) and generic drugs are listed in plain type (for example, Simvastatin). The second column lists the Medicare Part D drug tier. Your plan has 1 tier named “Covered Drugs.” All covered drugs are in this tier. As a member of this plan **you have no out-of-pocket costs (cost-sharing) such as copayments or coinsurance for covered, prescribed drugs** when obtained from network pharmacies. The third column lists any rules or limits for the drug. If quantity limits (QL) apply to a drug, the restriction amounts are shown in the chart on pages 100-123.

Drug Name	Drug Tier	Coverage Rules or Limits on use	Drug Name	Drug Tier	Coverage Rules or Limits on use
Analgesics			Etodolac (200mg Capsule, 300mg Capsule, 400mg Tablet Immediate-Release, 500mg Tablet Immediate-Release)

## Covered drugs with a quantity limit (QL)

This list shows drugs that have a quantity limit. Some drugs come in several strengths. Each strength may have a different quantity limit. If quantity limits for a drug vary by strength, the different strengths are listed on separate lines. These limits may be in place to ensure your safety.

Your plan will cover only a certain amount of these drugs or will only cover these drugs for a certain number of days. For more information about quantity limits, talk with your doctor or pharmacist. You can also call Customer Service. Our contact information is on the cover.

Drugs are listed in alphabetical order in the chart below.

Drug Name	Quantity Limit
Abacavir (20mg/ml Oral Solution)	Maximum of 48 ml per day
Abacavir (300mg Tablet)	Maximum of 3 tablets per day
Abacavir Sulfate/Lamivudine/Zidovudine (Tablet)	Maximum of 3 tablets per day
Abacavir/Lamivudine (Tablet)	Maximum of 2 tablets per day
<b>Abstral (Tablet Sublingual)</b>	Maximum of 4 tablets per day
Acarbose (100mg Tablet)	Maximum of 3 tablets per day
Acarbose (25mg Tablet)	Maximum of 12 tablets per day
Acarbose (50mg Tablet)	Maximum of 6 tablets per day
Acetaminophen/Codeine (120mg-12mg/5ml Oral Solution)	Maximum of 150 ml per day
Acetaminophen/Codeine (300mg-15mg Tablet, 300mg-30mg Tablet, 300mg-60mg Tablet)	Maximum of 13 tablets per day
Acyclovir (5% Ointment)	Maximum of 1 tube (30 grams) per 30 days
<b>Adcirca (Tablet)</b>	Maximum of 2 tablets per day
<b>Advair Diskus (Aerosol Powder)</b>	Maximum of 1 inhaler (60 blisters) per 30 days
<b>Advair HFA (Aerosol)</b>	Maximum of 1 inhaler (12 grams) per 30 days
Afeditab CR (Tablet Extended-Release 24 Hour)	Maximum of 2 tablets per day
<b>Albenza (Tablet)</b>	Maximum of 16 tablets per day
<b>Alecensa (Capsule)</b>	Maximum of 8 capsules per day
Alendronate Sodium (10mg Tablet, 40mg Tablet, 5mg Tablet)	Maximum of 1 tablet per day
Alendronate Sodium (35mg Tablet)	Maximum of 8 tablets per 28 days
Alendronate Sodium (70mg Tablet)	Maximum of 4 tablets per 28 days
Alprazolam (0.25mg Tablet Immediate-Release, 0.5mg Tablet Immediate-Release)	Maximum of 4 tablets per day
Alprazolam (1mg Tablet Immediate-Release)	Maximum of 4 tablets per day
Alprazolam (2mg Tablet Immediate-Release)	Maximum of 5 tablets per day
<b>Alunbrig (180mg Tablet, 90mg Tablet)</b>	Maximum of 1 tablet per day

**Bold type = Brand name drug**

Plain type = Generic drug

<b>Drug Name</b>	<b>Quantity Limit</b>
<b>Alunbrig (30mg Tablet)</b>	Maximum of 6 tablets per day
<b>Alunbrig (Tablet Therapy Pack)</b>	Maximum of 1 pack (30 tablets) per 30 days
<b>Amitiza (Capsule)</b>	Maximum of 2 capsules per day
Amlodipine Besylate/Atorvastatin Calcium (Tablet)	Maximum of 1 tablet per day
Amlodipine Besylate/Benazepril HCl (Capsule)	Maximum of 1 capsule per day
Amlodipine Besylate/Valsartan (Tablet)	Maximum of 1 tablet per day
Amlodipine/Olmesartan Medoxomil (Tablet)	Maximum of 1 tablet per day
Amlodipine/Valsartan/Hydrochlorothiazide (Tablet)	Maximum of 1 tablet per day
Amphetamine/Dextroamphetamine (10mg Capsule Extended-Release 24 Hour, 15mg Capsule Extended-Release 24 Hour, 20mg Capsule Extended-Release 24 Hour, 25mg Capsule Extended-Release 24 Hour, 30mg Capsule Extended-Release 24 Hour, 5mg Capsule Extended-Release 24 Hour)	Maximum of 2 capsules per day
Amphetamine/Dextroamphetamine (10mg Tablet Immediate-Release, 12.5mg Tablet Immediate-Release, 15mg Tablet Immediate-Release, 30mg Tablet Immediate-Release, 5mg Tablet Immediate-Release, 7.5mg Tablet Immediate-Release)	Maximum of 2 tablets per day
Amphetamine/Dextroamphetamine (20mg Tablet Immediate-Release)	Maximum of 3 tablets per day
<b>Ampyra (Tablet Extended-Release 12 Hour)</b>	Maximum of 2 tablets per day
<b>Androderm (Patch 24 Hour)</b>	Maximum of 1 patch per day
<b>Anoro Ellipta (Aerosol Powder)</b>	Maximum of 1 inhaler (60 blisters) per 30 days
<b>Apokyn (Injection)</b>	Maximum of 3 ml per day
<b>Apriso (Capsule Extended-Release 24 Hour)</b>	Maximum of 4 capsules per day
<b>Aptiom (200mg Tablet, 400mg Tablet)</b>	Maximum of 1 tablet per day
<b>Aptiom (600mg Tablet, 800mg Tablet)</b>	Maximum of 2 tablets per day
<b>Aptivus (100mg/ml Oral Solution)</b>	Maximum of 15 ml per day
<b>Aptivus (250mg Capsule)</b>	Maximum of 6 capsules per day
Aripiprazole (10mg Tablet, 15mg Tablet, 20mg Tablet, 2mg Tablet, 30mg Tablet, 5mg Tablet)	Maximum of 1 tablet per day
Aripiprazole (1mg/ml Oral Solution)	Maximum of 25 ml per day
Aripiprazole ODT (10mg Tablet Dispersible)	Maximum of 3 tablets per day
Aripiprazole ODT (15mg Tablet Dispersible)	Maximum of 2 tablets per day

**Bold type = Brand name drug**

Plain type = Generic drug

<b>Drug Name</b>	<b>Quantity Limit</b>
<b>Arnuity Ellipta (100mcg/act Aerosol Powder, 200mcg/act Aerosol Powder)</b>	Maximum of 1 inhaler (30 blisters) per 30 days
<b>Arnuity Ellipta (50mcg/act Aerosol Powder)</b>	Maximum of 1 inhaler (30 blisters) per 30 days
Aspirin/Dipyridamole (Capsule Extended-Release 12 Hour)	Maximum of 2 capsules per day
Atazanavir Sulfate (150mg Capsule, 300mg Capsule)	Maximum of 2 capsules per day
Atazanavir Sulfate (200mg Capsule)	Maximum of 3 capsules per day
Atomoxetine (100mg Capsule, 60mg Capsule, 80mg Capsule)	Maximum of 1 capsule per day
Atomoxetine (10mg Capsule, 18mg Capsule, 25mg Capsule, 40mg Capsule)	Maximum of 2 capsules per day
Atorvastatin Calcium (Tablet)	Maximum of 1 tablet per day
<b>Atripla (Tablet)</b>	Maximum of 2 tablets per day
<b>Aubagio (Tablet)</b>	Maximum of 1 tablet per day
<b>Austedo (Tablet)</b>	Maximum of 4 tablets per day
<b>Avandia (2mg Tablet)</b>	Maximum of 4 tablets per day
<b>Avandia (4mg Tablet)</b>	Maximum of 2 tablets per day
<b>Belsomra (Tablet)</b>	Maximum of 1 tablet per day
Benazepril HCl (Tablet)	Maximum of 2 tablets per day
Benazepril HCl/Hydrochlorothiazide (Tablet)	Maximum of 1 tablet per day
<b>Bethkis (Nebulized Solution)</b>	Maximum of 8 ml (2 ampules) per day
<b>Bevespi Aerosphere (Aerosol)</b>	Maximum of 1 inhaler (10.7 grams) per 30 days
<b>BiDil (Tablet)</b>	Maximum of 6 tablets per day
<b>Biktarvy (Tablet)</b>	Maximum of 2 tablets per day
<b>Binosto (Tablet Effervescent)</b>	Maximum of 4 tablets per 28 days
Bisoprolol Fumarate/Hydrochlorothiazide (Tablet)	Maximum of 2 tablets per day
<b>Bosulif (100mg Tablet)</b>	Maximum of 6 tablets per day
<b>Bosulif (400mg Tablet, 500mg Tablet)</b>	Maximum of 1 tablet per day
<b>Botox (Injection)</b>	Maximum of 9 vials per 30 days
<b>Breo Ellipta (Aerosol Powder)</b>	Maximum of 1 inhaler (60 blisters) per 30 days
<b>Brilinta (Tablet)</b>	Maximum of 2 tablets per day
<b>Briviact (100mg Tablet, 10mg Tablet, 25mg Tablet, 50mg Tablet, 75mg Tablet)</b>	Maximum of 2 tablets per day
<b>Briviact (10mg/ml Oral Solution)</b>	Maximum of 20 ml per day
<b>Briviact (50mg/5ml Intravenous Solution)</b>	Maximum of 20 ml per day
<b>Brovana (Nebulized Solution)</b>	Maximum of 2 vials (4 ml) per day

**Bold type = Brand name drug**

## Over-the-counter Medicaid drug list

Your plan covers some prescription over-the-counter (OTC) drugs that aren't normally covered under our Medicare Part D benefit.

You need a prescription from your doctor to have drugs on this list covered. If your prescription is for a brand name drug, you will get the generic version of the drug if it's available, unless otherwise prescribed or directed by your doctor.

Some of these drugs may need prior authorization. Please check with your doctor and the plan. If the drug requires a prior authorization, you or your doctor will need to get approval from the plan before the drug may be covered.

The list below shows the prescription OTC drugs covered by the plan.

OTC Drug Name	OTC Drug Name
Analgesics	Aspirin (325mg Tablet, 325mg Tablet Delayed-Release, 81mg Tablet Delayed-Release, 81mg Tablet Chewable)
Analgesics	Aspirin Adult Low Strength (Tablet Chewable)
