

State Pharmacy Product (Medicaid) Over-the-Counter and Medicare Part D Excluded DRUG LIST

UnitedHealthcare® Senior Care Options (HMO SNP) (UnitedHealthcare® SCO)

UnitedHealthcare SCO covers selected prescription and Over-the-Counter (OTC) drugs not covered under our Medicare Part D benefit. See inside for a list of these drugs. If your drug is not in the covered list, talk to your doctor about prescribing a covered drug that is an effective and acceptable alternative (or ask your doctor to request an exception from the plan for your drug).

UnitedHealthcare keeps an accurate, up-to-date Pharmacy Product List, which will be reflected when you get your prescriptions at the pharmacy. Your doctor may also access the latest Pharmacy Product List at www.UHCCommunityPlan.com to make sure they prescribe a covered drug whenever appropriate.

You must have a written prescription from your doctor for coverage of the drugs on this list. If your prescription is for a brand name drug, the generic version of the drug will be provided when available.

Covered drugs by category

Below is a list of both prescription and over-the-counter drugs covered by UnitedHealthcare SCO. Drugs are listed by medical condition.

ANALGESICS	CONTRACEPTIVES	Bismuth Subsalicylate Calcium Carbonate Calcium Carbonate Chew Tabs Magnesium Carbonate Magnesium Gluconate Magnesium Hydroxide Potassium Citrate & Citric Acid Sodium Bicarbonate Sodium Citrate
