

Specialty Pharmacy Drug List

UnitedHealthcare Community Plan is always working to provide the best care for our members. The Specialty Pharmacy Program is one way we do that. **Your network Specialty Pharmacy Provider is OptumRx Specialty Pharmacy.** See the list of medications below and on the next page, that are a part of the Specialty Pharmacy Program. All of these medications need authorization. Please check the Preferred Drug List (PDL) for more information on these medications. If you have questions about the program or your benefit, call the Member Services number on the back of your insurance card.
