You are eligible for this reward every year that you have the Healthy Michigan Plan through UnitedHealthcare. Remember to schedule your yearly appointment with your PCP. Take a copy of the Healthy Michigan Plan Health Risk Assessment form with you and give it to your doctor during that annual visit. You can download a copy of this form at www.uhcommunityplan.com/mi/HRA.

Network providers.

You're covered for services provided by more than 20,000 doctors and specialists and 90 hospitals and facilities throughout Michigan. Find a list of these network doctors, dentists, clinics, pharmacies and specialists at myuhc.com/CommunityPlan. Or call a member advocate at **1-800-903-5253, TTY 711**.

Behavioral health and substance use treatment.

As our member, you are covered for mental health and substance use treatment. This includes services for evaluations, individual and group therapy sessions, as well as substance use screenings and treatments. Talk with your PCP if you think you might need these services. He or she can help you decide the right options for you.

Your member handbook outlines all your mental health and substance use benefits. You can also call a member advocate at **1-800-903-5253, TTY 711**.

Prescriptions.

In Michigan, all individuals with Medicaid have the same basic list of covered drugs. This means that your covered prescriptions will be matched to this list to ensure that you have the most effective drugs you need at no cost to you.

UnitedHealthcare members can find additional drugs that include over-the-counter medicines for allergies and pain on our Preferred Drug List (PDL). Visit **myUHC.com** to find this information.

Dental.

The Healthy Michigan Plan covers:

- Dental checkups.
- Teeth cleaning.
- X-rays.
- Fillings.
- Tooth extractions.
- Dentures and partial dentures.

Understanding your costs.

The Healthy Michigan Plan has copays. Before enrolling in a health plan, you must pay your copays to the provider when you get care. When you are enrolled with UnitedHealthcare Community Plan, most copays will be made to us through a special health care account called the MI Health Account. You will get a statement that shows how these amounts were figured and how much to pay each month. To find current copay amounts, visit **www.michigan.gov/HealthyMIPlan**.

The Healthy Michigan Plan requires those with annual incomes between 100 percent and 133 percent of the federal poverty level to contribute 2 percent of income annually for cost-sharing purposes. You will get more information about your MI Health Account and contributions for cost sharing from us. You can reduce your annual contribution and copays by participating with us in healthy behavior activities which may include completing an annual health assessment and changing unhealthy activities. Cost sharing cannot exceed 5 percent of your income.

A special note to members with Children's Special Health Care Services.

Healthy Michigan Plan members with Children's Special Health Care Services (CSHCS) do not have to pay copays and contributions for covered health care services. Copays and/or contributions on your statements will show \$0 owed.

GETTING CARE

Your Primary Care Provider.

We call the main doctor you see a Primary Care Provider, or PCP. When you see the same PCP over time, it's easier to develop a relationship with him or her. Each family member can have his or her own PCP, or you may all choose to see the same person. You will see your PCP for:

- Routine care, including yearly checkups.
- Coordinating your care with a specialist.
- Treatment for colds and flu.
- Other health concerns.

Schedule a wellness exam soon.

A yearly wellness exam with your PCP is important for good health. These visits are fully covered. Schedule your visit within the first 30 days of joining your health plan.

Change your PCP at any time.

It's important to have a PCP you like and trust. You can change your PCP at any time simply by calling us. If you'd like, we can recommend someone for you.

You have options.

You can choose between many types of network providers for your PCP. Some types of PCPs include:

- Family doctor (also called a general practitioner) – cares for children and adults.
- Internal medicine doctor (also called an internist) – cares for adults.
- Nurse Practitioner (NP) – cares for children and adults.
- Obstetrician (OB) – cares for pregnant women.
- Pediatrician – cares for children.
- Physician Assistant (PA) – cares for children and adults.
