STAR+PLUS Coverage and Medicare

How does my UnitedHealthcare Community Plan STAR+PLUS coverage affect me if I have both Medicare and STAR+PLUS?

If you have both Medicare and STAR+PLUS, you have “dual eligibility.” This means that you have more than one form of medical coverage. Your UnitedHealthcare Community Plan STAR+PLUS benefits will not be reduced or change any of your Medicare benefits.

As a “dual eligible” member with both Medicare and STAR+PLUS, Medicare Part D will cover your prescriptions. Your Service Coordinator will help arrange your care with Medicare or your Medicare HMO.

If you have traditional Medicare coverage, you can still use the doctor you have been seeing. You can also get Medicare-covered specialty services without approval from UnitedHealthcare Community Plan STAR+PLUS. We will work with your doctor for the services you get through UnitedHealthcare Community Plan STAR+PLUS. Tell your Service Coordinator the name of your regular doctor, especially if you change doctors.

We can help you pick a doctor if you have traditional Medicare coverage but do not have a doctor you see regularly. This doctor can arrange both your UnitedHealthcare Community Plan STAR+PLUS and your Medicare services.

If you join a Medicare HMO, your Primary Care Provider will be the doctor you have chosen through your Medicare HMO. You do not have to pick another Primary Care Provider for UnitedHealthcare Community Plan STAR+PLUS. Your Medicare doctor will work with your UnitedHealthcare Community Plan STAR+PLUS Service Coordinator to arrange your STAR+PLUS services. Be sure to tell your Service Coordinator the name of your Medicare Primary Care Provider.

When and Where Do I Use My UnitedHealthcare Community Plan ID Card?

Every person who becomes a member of UnitedHealthcare Community Plan gets an ID card. The ID card gives the doctor and office staff important information about you. You will get a new ID card if you change your PCP.

Check your card to make sure the information is correct. If you get an ID card that has no PCP name but says to call 1-888-887-9003, please call Member Services to select a PCP. Give your ID card to the doctor to verify coverage when getting services. The ID card is not a guarantee of benefits or coverage.

If you have Medicare and Medicaid, your UnitedHealthcare ID card will not show doctor's name or phone number. Your ID card will show Long Term Care services only.
How to Read Your UnitedHealthcare Community Plan ID Card

Your ID card will have the STAR+PLUS symbol and the UnitedHealthcare Community Plan symbol. This will let your provider know that you are a UnitedHealthcare Community Plan member. Your name, ID number, the date you joined the UnitedHealthcare Community Plan program, and your date of birth will be seen on your card. Your group number will also be on your card.

If you have Medicare, your UnitedHealthcare Community Plan ID card will say that you get Long-Term Services and Supports only. This means you will get your doctor, hospital, lab, X-ray and other acute care services from Medicare or your Medicare HMO.

How to Replace Your Card if It Is Lost

If you lose your UnitedHealthcare Community Plan ID card, call Member Services right away at 1-888-887-9003. Member Services will send you a new one. Call TDD/TTY: 711 for hearing impaired.

Remember to take your card with you and present it whenever you get services. Your provider will need the information on your card to find out what your coverage is.
Your Temporary Medicaid Verification Form (Form 1027A)

You can request a temporary Medicaid verification form if you lose your Your Texas Benefits Medicaid Card. You need to contact your local Eligibility office or call 211 for information on getting the Temporary Medicaid verification form.

- Take your temporary verification form with you to the doctor and to get other medical care.
- Show your UnitedHealthcare Community Plan ID card and your Your Texas Benefits Medicaid Card every time you go to a doctor’s office or clinic.
- If you move or change your phone number, call 211 or visit your local HHSC benefits office. Also call Member Services at 1-888-887-9003 so we can update our records. Call TDD/TTY: 711 for hearing impaired.
Your Texas Benefits Medicaid Card

When you are approved for Medicaid you will get a Your Texas Benefits Medicaid Card. This plastic card will be your everyday Medicaid ID card. You should carry and protect it just like your driver’s license or a credit card. The card has a magnetic stripe that holds your Medicaid ID number. Your doctor can use the card to find out if you have Medicaid benefits when you go for a visit. You will only be issued one card, and will only receive a new card in the event of the card being lost or stolen. If your Medicaid ID card is lost or stolen, you can get a new one by calling toll-free 1-855-827-3748.

If you are not sure if you are covered by Medicaid, you can find out by calling toll-free at 1-800-252-8263. You can also call 211. First pick a language and then pick option 2. Your health history is a list of medical services and drugs that you have gotten through Medicaid. We share it with Medicaid doctors to help them decide what health care you need. If you don’t want your doctors to see your health history through the secure online network, call toll-free at 1-800-252-8263.

The Your Texas Benefits Medicaid Card has these facts printed on the front:

- Your name and Medicaid ID number.
- The date the card was sent to you.
- The name of the Medicaid program you’re in if you get:
  - Medicare (QMB, MQMB),
  - Texas Women's Health Program (TWHP),
  - Hospice,
  - STAR Health,
  - Emergency Medicaid, or
  - Presumptive Eligibility for Pregnant Women (PE).
- Facts your drug store will need to bill Medicaid.
- The name of your doctor and drug store if you’re in the Medicaid Lock-in Program.

The back of the Your Texas Benefits Medicaid Card has a website you can visit (www.YourTexasBenefits.com) and a phone number you can call toll-free (1-800-252-8263) if you have questions about the new card.

If you forget your card, your doctor, dentist, or drug store can use the phone or the Internet to make sure you get Medicaid benefits.

Each person who gets Medicaid gets a card. For example, if you have 3 people in your home who get Medicaid, there should be 3 cards — one for each person.

- Take this card when you go to a Medicaid doctor, dentist, or drug store.
- Carry and protect the card just like your driver’s license or a credit card.
- If you lose the card, call 1-855-827-3748. The number is free to call.
What Is a Primary Care Provider (PCP)?

Your PCP has the job of taking care of you. Regular checkups with your PCP are important and can help you stay healthy. Your PCP will do regular health screenings that can find problems.

Finding and treating problems early can prevent them from becoming bigger problems later. Your PCP will be your personal doctor from now on. Your PCP will take care of you and refer you to a specialist when needed. You should talk to your PCP about all of your health care needs.

Always talk to your PCP when you want to visit another doctor. Your PCP will give you a referral form if you need one. Your relationship with your PCP is important. Get to know your PCP as soon as possible. It is important to follow the PCP’s advice. A good way to build a relationship with your PCP is to call and schedule a checkup. You can meet your PCP then. He or she will get to know your medical history, any medications you are taking and any other health problems.

Can a specialist ever be considered a primary care provider?

In special cases, a specialist may be your PCP. You, the PCP, the specialist and UnitedHealthcare Community Plan will make this decision. Please call Member Services for information.

Don’t forget that your PCP is the first one you call with any health problems or questions.

Note: For STAR+PLUS Members who are covered by Medicare, no Primary Care Provider will be assigned.

What do I need to bring with me to my doctor’s appointment?

You must take your UnitedHealthcare Community Plan ID card and your Your Texas Benefits Medicaid card with you when you receive any health care services. You will need to show your UnitedHealthcare Community Plan ID card and your Your Texas Benefits Medicaid Card each time you need services. If you have a new doctor, bring any important medical records you may have, and any medications prescribed by a doctor.

How do I pick a primary care provider?

Call Member Services for help in choosing a PCP. All members of UnitedHealthcare Community Plan must pick a PCP.

You can also request a UnitedHealthcare Community Plan Provider Directory by calling Member Services at 1-888-887-9003, or you can look online at UHCCommunityPlan.com.
**Can a clinic be my primary care provider?**
Your PCP can be a doctor, a clinic, a Rural Health Center (RHC) or a Federally Qualified Health Center (FQHC). If you go to a doctor you like, you can keep going to that doctor if he or she is in the UnitedHealthcare Community Plan network.

If your doctor is a specialist, he or she might be allowed to be your PCP. If your doctor is NOT in the UnitedHealthcare Community Plan network, please call Member Services to select a PCP. If you do not pick a doctor, one will be assigned for you. UnitedHealthcare Community Plan will send you a UnitedHealthcare Community Plan ID card with your PCP’s name and phone number.

**What if I choose to go to another doctor who is not my primary care provider?**
Except in emergencies, always call your PCP before you go to another doctor or the hospital. You can reach your PCP or back-up doctor 24 hours a day, seven days a week. If you go to another doctor who is not your PCP, you may need to pay the bill.

**Can I stay with my provider if they are not with my health plan?**
You should try to choose a PCP that is in your health plan’s Provider Network. Please contact Member Services if you need help.

**How can I change my primary care provider?**
It is good to stay with the same PCP. Your PCP knows you, has your medical records, and knows what medications you take. Your PCP is the best person to make sure you are getting good medical care. Call Member Services to tell us if you want to change your PCP.

**How many times can I change my/my child’s primary care provider?**
There is no limit on how many times you can change your or your child’s primary care provider. You can change primary care providers by calling us toll-free at 1-888-887-9003 or writing to us at:

UnitedHealthcare Community Plan  
14141 Southwest Freeway, Suite 800  
Sugar Land, TX 77478

**When will my primary care provider change become effective?**
The PCP change will become effective the day following the change. Reasons you might change your PCP:
- You have moved and you need a PCP that is closer to your home.
- You are not happy with your PCP.
Are there any reasons why a request to change a primary care provider may be denied?
- You asked for a PCP who is not part of the UnitedHealthcare Community Plan health plan.
- You asked for a PCP who is not accepting new patients because he or she is seeing too many patients.

Can a primary care provider move me to another primary care provider for non-compliance?
Yes, if your PCP does not feel you are following his/her medical advice or if you miss a lot of appointments, the doctor can ask you to see another doctor. Your PCP will send you a letter telling you that you need to find another doctor. If this happens, call Member Services at 1-888-887-9003. We will help you find another doctor.

Physician Incentive Plans
UnitedHealthcare Community Plan rewards doctors for treatments that reduce or limit services for people covered by Medicaid. You have the right to know if your primary care provider (main doctor) is part of this physician incentive plan. You also have a right to know how the plan works. You can call 1-888-887-9003 to learn more about this.
What Is a Service Coordinator?

You will be assigned a Service Coordinator when you join UnitedHealthcare Community Plan STAR+PLUS. Your Service Coordinator will call you or visit you in person to talk to you about our health care needs and tell you more about the services you can get. He or she will ask you questions about your health. Please be honest and open. Your Service Coordinator will keep anything you talk about confidential. Your Service Coordinator can help you:

- Arrange care with your Primary Care Provider.
- Help with any medical, behavioral health and Long-Term Services and Supports.
- Solve any problems with your medical care or providers.
- Find ways for you to live at home or in other community settings.
- Explain service and placement choices to you.

What is service coordination and what will a service coordinator do for me?

Service Coordination is a service UnitedHealthcare Community Plan gives you to help with your health and well-being. A Service Coordinator will review, plan and help you in meeting your health care needs.

How can I talk with a service coordinator?

To contact a Service Coordinator, look on your UnitedHealthcare Community Plan ID Card for the phone number. You can also call Member Services at 1-888-887-9003 to help you reach your Service Coordinator. Call TDD/TTY: 711 for hearing impaired.

What other programs are available to help me manage my chronic illness?

We have disease management programs that help members with chronic illnesses such as:

- Diabetes.
- Asthma.
- Heart Failure.
- COPD.
- Coronary Artery Disease.
- Obesity.

Members in these programs receive reminders about their care and advice from a nurse. If you have a special need or help managing a chronic illness call 1-888-887-9003 to get in contact with your Service Coordinator.
Did You Know That You Might Be Able to Pick Your Own Health Care Giver?

UnitedHealthcare Community Plan Can Help You Manage Your Home Services. Consumer Directed Services (CDS) is a program for people with attendant/provider services. With this program, you find, hire and train your attendant/provider. You also review the budget for the services. You decide how much to pay your attendant. You decide how much to spend for the supplies and equipment you need. You can pick the person to handle the services for you. If you pick this program, an agency will teach you what to do. The agency will also handle the payroll for your services.

If you pick the CDS choice, you are the employer. You can hire, fire and manage your own health service providers. This can include your attendant(s), back-up attendant(s), in-home and out-of-home respite providers and habilitation providers. You have control over how your program funds are spent on salary and benefits for your employee(s). You pick a CDS agency to manage fiscal services for you. As an employer, you need to arrange payment of employment taxes. You need to pay your employees from your program funds. Your CDS agency will offer this service for you.

Why would I want to pick CDS?
When you hire your own employees, you can often find people you prefer to work for you. Within your allotted service budget, you can set your employees’ wages and benefits. You can hire back-up employees for times when your regular employees cannot work. You can give benefits, such as vacation days and bonuses. You pick a CDS agency (CDSA) to do your payroll and federal and state taxes.

How does CDS work?
You pick the Consumer Directed Services Administrator (CDSA) to do your payroll and act as your agent to pay taxes. The CDSA helps you set up a budget. In some programs, the CDSA offers guidance on recruitment, salaries, benefits and administrative costs.

Which services can be self-directed in which programs?

What if I Need to See a Special Doctor (Specialist)?

Your PCP might want you to see a special doctor (specialist) for certain health care needs. While your PCP can take care of most of your health care needs, sometimes they will want you to see a specialist for your care. A specialist has received training and has more experience taking care of certain diseases, illnesses and injuries. UnitedHealthcare Community Plan has many specialists who will work with you and your PCP to care for your needs.

What is a referral?
Your PCP will talk to you about your needs and will help make plans for you to see the specialist that can provide the best care for you. This is called a referral. Your doctor is the only one that can give you a referral to see a specialist. If you have a visit, or receive services from a specialist without your PCP’s referral, or if the specialist is not a UnitedHealthcare Community Plan provider, you might be responsible for the bill. In some cases, an OB/GYN can also give you a referral for related services.

What services do not need a referral?
You do NOT need a referral for:

- Emergency Services.
- OB/GYN care.
- Behavioral Health Services.
- Routine Vision Services.
- Routine Dental Services.

Contact your PCP or Member Services at 1-888-887-9003 to determine if you need a referral.

How soon can I expect to be seen by a specialist?
In some situations, the specialist may see you right away. Depending on the medical need, it may take up to a few weeks after you make the appointment to see the specialist.

How can I ask for a second opinion?
You have the right to a second opinion from a UnitedHealthcare Community Plan provider if you are not satisfied with the plan of care offered by the specialist. Your primary care provider should be able to give you a referral for a second opinion visit. If your doctor wants you to see a specialist that is not a UnitedHealthcare Community Plan provider, that visit will have to be approved by UnitedHealthcare Community Plan. You can call Member Services at 1-888-887-9003 for help with getting a second opinion.

What Is the Medicaid Lock-in Program?

You may be put in the Lock-in Program if you do not follow Medicaid rules. It checks how you use Medicaid pharmacy services. Your Medicaid benefits remain the same. Changing to a different MCO will not change the Lock-in status. To avoid being put in the Medicaid Lock-in Program:

- Pick one drug store at one location to use all the time.
- Be sure your main doctor, main dentist, or the specialists they refer you to are the only doctors that give you prescriptions.

How Can I Get Family Planning Services? Do I Need a Referral for This?

You can go to your PCP or any doctor or Family Planning clinic that takes Medicaid to help you with family planning. You do not need a referral. Tell your PCP where you are going so your records can be kept up-to-date. Family Planning Services are very private. You do not have to worry about anyone else knowing that you are going there.

Providers and family planning agencies cannot require parental consent for minors to receive family planning services.

What services are offered by MTP?
- Passes or tickets for transportation such as mass transit and between cities.

What Happens if I Lose My Medicaid Coverage?

If you lose Medicaid coverage but get it back again within six (6) months, you will get your Medicaid services from the same health plan you had before losing your Medicaid coverage. You will also have the same PCP you had before.

What if I Get a Bill From My Doctor? Who Do I Call? What Information Will They Need?

If you get a bill from a doctor, hospital or other health care provider, ask why they are billing you. Your doctor, health care provider or hospital cannot bill you for covered and approved Medicaid services. You do not have to pay bills that UnitedHealthcare Community Plan should pay.

If you still get a bill, call Member Services at 1-888-887-9003 for help.

Be sure you have your bill in front of you when you call. You will need to tell Member Services who sent you the bill, the date of service, the amount and the provider’s address and phone number.

What Do I Have to Do if I Move?

As soon as you have your new address, give it to the local HHSC benefits office and UnitedHealthcare Community Plan Member Services at 1-888-887-9003.

Before you get Medicaid services in your new area, you must call UnitedHealthcare Community Plan, unless you need emergency services. You will continue to get care through UnitedHealthcare Community Plan until HHSC changes your address.
What if I Have Other Health Insurance in Addition to Medicaid?

Medicaid and private insurance.
You are required to tell Medicaid staff about any private health insurance you have.

You should call the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- Your private health insurance is canceled.
- You get new insurance coverage.
- You have general questions about third party insurance.

You can call the hotline toll-free at 1-800-846-7307. If you have other insurance, you may still qualify for Medicaid. When you tell Medicaid staff about your other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

Important: Medicaid providers cannot turn you down for services because you have private health insurance as well as Medicaid. If providers accept you as a Medicaid patient, they must also file with your private health insurance company.

Can my Medicare provider bill me for services or supplies if I am in both Medicare and Medicaid?
You cannot be billed for Medicare “cost-sharing,” which includes deductibles, coinsurance and co-payments that are covered by Medicaid.

You can call Member Services and get help with your appeal. When you call Member Services, we will help you file an appeal. Then we will send you a letter and ask you or someone acting on your behalf to sign a form.

How will I find out if services are denied?
UnitedHealthcare Community Plan will send you a letter if a covered service requested by your PCP is denied, delayed, limited or stopped.
What are the timeframes for the appeal process?
UnitedHealthcare Community Plan has up to 30 calendar days to decide if your request for care is medically needed and covered. We will send you a letter of our decision within 30 days. In some cases you have the right to a decision within one business day. If your provider requests, we must give you a quick decision. You can get a quick decision if your health or ability to function could be seriously hurt by waiting.

When do I have the right to ask for an appeal?
You may request an appeal for denial of payment for services in whole or in part. If you ask for an appeal within 10 days from the time you get the denial notice from the health plan, you have the right to keep getting any service the health plan denied or reduced at least until the final appeal decision is made. If you do not request an appeal within 10 days from the time you get the denial notice, the service the health plan denied will be stopped.

Does my appeal request have to be in writing?
You may request an appeal by phone, but an appeal form will be sent to you, which must be signed and returned. An appeal form will be included in each letter you receive when UnitedHealthcare Community Plan denies a service to you. This form must be signed and returned.

Can someone from UnitedHealthcare Community Plan help me file an appeal?
Member Services is available to help you file a complaint or an appeal. You can ask them to help you when you call 1-888-887-9003. They will send you an appeal request form and ask that you return it before your appeal request is taken.

What Is an Expedited Appeal?
An Expedited Appeal is when the health plan has to make a decision quickly based on the condition of your health, and taking the time for a standard appeal could jeopardize your life or health.

How do I ask for an expedited appeal?
You may ask for this type of appeal in writing or by phone. Make sure you write “I want a quick decision or an expedited appeal,” or “I feel my health could be hurt by waiting for a standard decision.” To request a quick decision by phone, call UnitedHealthcare Community Plan Member Services at 1-888-887-9003.
**Does my request have to be in writing?**
We can record your verbal request. Your request will then be made into a written request. We will send a form to you to complete, sign and return to us as soon as possible.

Mail written requests to:
UnitedHealthcare Community Plan  
Attn: Complaint and Appeals Department  
PO Box 31364  
Salt Lake City, UT 84131-0364

**What are the timeframes for an expedited appeal?**
UnitedHealthcare Community Plan must decide this type of appeal in one working day from the time we get the information and request.

**What happens if UnitedHealthcare Community Plan denies the request for an expedited appeal?**
If UnitedHealthcare Community Plan denies an expedited appeal, the appeal is processed through the normal appeal process, which will be resolved within 30 days. You will receive a letter explaining why and what other choices you may have.

**Who can help me file an expedited appeal?**
If you are in the hospital, ask someone to help you mail, Fax, or call in your request for this type of appeal. You may also call UnitedHealthcare Community Plan Member Services at **1-888-887-9003** and ask someone to help you start an appeal or ask your doctor to do it for you.
Can I Ask for a State Fair Hearing?

Members can request a state fair hearing at any time during or after the health plan’s appeals process. If you, as a member of the health plan, disagree with the health plan’s decision, you have the right to ask for a fair hearing. You may name someone to represent you by writing a letter to the health plan telling them the name of the person you want to represent you. A doctor or other medical provider may be your representative. If you want to challenge a decision made by your health plan, you or your representative must ask for the fair hearing within 90 days of the date on the health plan’s letter with the decision. If you do not ask for the fair hearing within 90 days, you may lose your right to a fair hearing. To ask for a fair hearing, you or your representative should call UnitedHealthcare Community Plan at 1-888-887-9003 or send a letter to the health plan at:

UnitedHealthcare Community Plan
Attn: Fair Hearings Coordinator
14141 Southwest Freeway, Suite 800
Sugar Land, TX 77478

You have the right to keep getting any service the health plan denied or reduced, at least until the final hearing decision is made if you ask for a fair hearing by the later of: (1) 10 calendar days following the MCO’s mailing of the notice of the Action, or (2) the day the health plan’s letter says your service will be reduced or end. If you do not request a fair hearing by this date, the service the health plan denied will be stopped.

If you ask for a fair hearing, you will get a packet of information letting you know the date, time and location of the hearing. Most fair hearings are held by telephone. At that time, you or your representative can tell why you need the service the health plan denied.

HHSC will give you a final decision within 90 days from the date you asked for the hearing.
Advance Directives

What are advance directives?
All adults in hospitals, nursing centers, and other health care settings have certain rights. For instance, you have the right to have your personal and medical records kept private. You have the right to know what treatment you will get. Under federal law, you have the right to fill out an Advance Directive. Advance Directives are written documents that let you decide and put into writing what kind of treatment you want or do not want, and any actions you want carried out if you are too sick to make decisions about your health care. It is our policy to let all adult UnitedHealthcare Community Plan members know that they can prepare these documents. The federal law on Advance Directives requires hospitals, nursing centers and other health care providers to give you information about Advance Directives. The information will explain your legal choices in making decisions about medical care. The law was written to increase your control over medical treatment decisions.

Advance Directives are written documents that give you the chance to decide and put into writing what kind of treatment you want or do not want, and any actions you want carried out if you become too sick to make decisions about your health care.

How do I get an advance directive?
Contact your PCP or call Member Services at 1-888-887-9003. Call TDD/TTY: 711, for hearing impaired.

Who has the right to make health care decisions?
You do, if you are an adult and able to let providers know of your health care decisions. You decide what health care, if any, you will not accept.

What if I become unable to make or let providers know of my health care decisions?
You can still have some control over these decisions if you have signed an Advance Directive. Your PCP must include in your medical record whether you have signed an Advance Directive. If you have not named someone in your Advance Directive, your doctor must seek a person authorized by law to make these decisions.

What if I am too sick to make a decision about my medical care?
You can still have some control over these decisions if you have signed an Advance Directive. Your PCP must include in your medical record whether you have signed an Advance Directive. If you have not named someone in your Advance Directive, your doctor must seek a person authorized by law to make these decisions.
What are my options for making an advance directive?

Under Texas law, you can make the following directives:

1. **A Durable Power of Attorney for Health Care** — a written document giving the designated person the power to act in your place and make decisions on your health care. Your Durable Health Care Power of Attorney will also include any details or guidance about health care you want or do not want. This could include withholding or withdrawing procedures if you are in a “terminal condition.” A “terminal condition” is when a patient cannot be cured and will die without life-sustaining procedures. (Two doctors must state this in writing.) A patient is also in a “terminal condition” if that patient is in a permanent vegetative state or an irreversible coma.

2. **A Living Will** — a written statement about health care you want or do not want if you cannot make these decisions. For example, a Living Will can say whether you would want to be fed through a tube if you were unconscious and not likely to recover. A Living Will directs doctors to withhold/withdraw or continue life-sustaining procedures if you are in a “terminal condition.” You can also tell doctors whether to use other life-sustaining procedures.

**Must my advance directive be followed?**

Yes. Your PCP, other health providers and the person you name in your directive must follow your Advance Directive.

**Must a lawyer prepare my advance directive?**

No. There are local and national groups that will give you facts on Advance Directives, including forms. Be sure any Advance Directive you use is valid under Texas law.

**Who should have a copy of my advance directive?**

Give a copy of your Advance Directive to your PCP and to any health care center on admission. If you have a Durable Power of Attorney for Health Care, give a copy to the person you have named on it. You should also keep extra copies for yourself.

**Do I have to make an advance directive?**

No. Whether you make an Advance Directive is up to you. A health care provider cannot refuse care based on whether you have an Advanced Directive or not.

**Can I change or cancel my advance directive?**

Yes. If you change or cancel your Advance Directive, let anyone who has a copy of it know.

**What if I already have an advance directive?**

You might want to review it or have it reviewed. If it has been prepared in another state, make sure it is valid under Texas law.
Who can legally make health care decisions for me if I cannot make those decisions and I have no advance directive?

A court might appoint a guardian to make health care decisions for you. Otherwise, your PCP must go down the following list to find someone else to make health care decisions for you:

1. Your husband or wife, unless you are legally separated.
2. Your adult child. If you have more than one adult child, a majority of them.
3. Your mother or father.
4. Your brother or sister.

If your PCP cannot find a person able to make health care decisions for you, then he or she can decide on your care. Your PCP can do this with the advice of an ethics committee, or the approval of another doctor. You can make sure your wishes are honored by putting them in writing. The person you name in your Advance Directive will not have the right to refuse life-sustaining procedures, such as the use of tubes to give you food or fluids unless:

a. You have appointed that person to make health care decisions for you in a Durable Power of Attorney for Health Care.

b. A court has appointed that person as your guardian to make health care decisions for you.

c. You have stated in an Advance Directive that you do not want this specific treatment. If you need any help in learning about Advance Directives, or to order a copy of a Living Will, call Member Services at 1-888-887-9003.
