

Welcome to UnitedHealthcare Community Plan!

We want to help you live a healthy lifestyle.

Behind this letter is a short health survey called a Health Risk Assessment (HRA). An HRA asks questions about your current health. The HRA helps you and your doctor (Primary Care Provider – PCP) set up your health and lifestyle goals. We will use the information you share to help meet your health needs and live a healthier life. It will only take a few minutes to answer the questions.

As a Healthy Michigan Plan member, your annual checkup with your PCP is a covered benefit. Your first visit should be completed within the first 60 days of joining our plan. You fill out Sections 1 – 3; your PCP will fill out Section 4. Your PCP will give you a signed copy. Keep the copy with your PCP's signature. It will be your record that you completed your Healthy Michigan Plan appointment.

Even if you are not sick, you should go for this first visit. You can get to know your doctor and your doctor can get to know you. Then, you should see your doctor every year – even if it's only for a well-check visit!

What's next?

1. Make an appointment to see your doctor within the next **60** days. If you need help with a ride to get to this appointment, see the back of this letter.
2. Fill out Sections 1 – 3 of the HRA. Take all pages (Sections 1 – 4) with you when you go to see your doctor. Your doctor will complete Section 4 and give you a signed copy. Remind your PCP to send a completed copy of this form back to us.
3. Keep a copy of the HRA form with your doctor's signature. It is your record that you completed your Healthy Michigan Plan appointment.

If you need more copies of the HRA for other family members enrolled with UnitedHealthcare Community Plan – Healthy Michigan Plan, visit myuhc.com/communityplan or call us at 1-800-903-5253 and ask for them.

For customer services, benefit information and to find doctors, visit myuhc.com/communityplan.

Or, call us at **1-800-903-5253 (TTY: 711)**.

Again, welcome to UnitedHealthcare Community Plan!

Your ID card.

Carry your ID card with you. Use it to get your Medical and Dental services.

Your doctor.

Check the front of your ID card for the name and phone number of your doctor (Primary Care Provider – PCP). We know that finding a doctor you like and trust is important. Call your Primary Care Provider when you need medical care or services.

Your transportation.

If you do not have a ride to get medical or dental care and services, we may provide a free ride or gas reimbursement. Call 877-892-3995 to learn more.

Your benefits.

May I get an eye exam? Is my medication covered? Is dental covered? You can find answers to these questions and more at the website listed below.
