Welcome

This directory will help you find Primary Care Physicians (PCPs), Mental Health Providers, and hospitals in your area who work with UnitedHealthcare Community Plan in Florida. We work with PCPs, hospitals, specialists and other providers for your child’s health care needs. Your child’s health care will be provided by doctors who are in our provider network. You can find a current list of providers, including a complete listing of specialists and ancillary providers on our website at www.uhckids.com. If you need help finding a doctor or using this directory, call Customer Service at the number below. We’ll be happy to help you.

If you have an emergency, call 911 for help, or go to the nearest emergency room.

Choosing a Primary Care Physician (PCP)

There are several types of PCPs in this directory. Each covered family member may choose a different PCP in UnitedHealthcare Community Plan. Except in an emergency, your PCP and staff will give or manage all of your child’s health care. This includes referrals to specialists. All PCPs are board-certified family practitioners and pediatricians.

Changing Your PCP

If you want to change your child’s PCP, call Customer Service. They will help you pick a new PCP. You may change your child’s PCP at any time. You may also contact a provider to find out if the provider contracts with UnitedHealthcare Community Plan. When you call, be sure to mention UnitedHealthcare Community Plan. Ask if the provider is taking new patients.

Seeing Another Doctor or Specialist

Your PCP might want your child to go to a specialist. A specialist is a doctor who treats a special problem, like a dermatologist or a heart doctor. Your doctor will help you find the right specialist. If your child has a complex illness, he/she may need to see the specialist many times. Your child may see the specialist as often as needed. If your child has complex care needs, a specialist can be the PCP. If your child needs this, call Customer Service. We will help you find a specialist who can meet your child’s needs.

Women’s Health Care Services

If your child is female, she may need to see a provider in our network who offers women’s health care. She can get these services from an in-network women’s health care provider without a PCP referral.

These women’s health services are covered without a PCP referral or health plan prior authorization:

- Routine gynecological exams.
- Examination and treatment of disorders of the female reproductive system.
- Examination and treatment of sexually transmitted diseases. Including HPV vaccinations.
- Maternity care, including prenatal, delivery, and postnatal care.
- Other health problems treated during a woman’s health care visit, if the treatment is within the provider’s scope of practice and the service is not excluded.

If your child needs to see a women’s health provider who is not in our network, you must get a referral from your child’s PCP.
Well-Child Checkup Services

Well-child care, including all shots, is critical to a child’s future health. Things that are part of a well-child exam are: Physical Exam, Growth and Development, Vision, Hearing, Blood Tests, Shots, and Screening for Lead Poisoning. Call your child’s PCP to make an appointment.

Out-of-Network Providers

You or your PCP might decide that your child needs to see a doctor or provider that is not in our network. Your child’s PCP will need to call us for an okay for these services before they will be covered. This is called a Prior Authorization.

Pharmacy

For locations of pharmacies, call Customer Service at 1-888-216-0015, TTY 711.

What if My Child Needs Urgent or Emergency Medical Care While We’re Away From Home?

If your child needs emergency or urgent care while out of town, go immediately to the nearest Emergency Room (ER) or urgent care facility. You do not need a referral from your PCP. Call your PCP as soon as you can after your child gets ER or urgent care services.

No Medical Coverage Outside of the United States

Any health care services your child gets while out of the country will not be covered by UnitedHealthcare Community Plan. Medicaid cannot pay for any medical services you get outside of the United States.

Language Help

We can give you member materials in a language or format that is easier for you to understand. We have interpreters if your child’s doctor does not speak your language. This is free when you talk to us or your doctors. If you do not speak English and need help, call Customer Service at 1-888-216-0015, TTY 711.

Emergency Care

In an emergency, your child does not need a prior authorization. Call 911 or go to the nearest emergency room. Your child can get emergency care 24 hours a day, 7 days a week.
To find a provider, go to the table of contents and find the listing for your county. The providers are listed by their specialty. When you find the specialty you want, go to the page listed. Then you can pick the provider who meets your child’s needs. Enrollees may get care from a resident physician or a certified registered nurse practitioner under the supervision of a PCP.
