About Your Provider Directory

This directory lists services you can get at home. It also lists services you must get at a health care office or hospital. If you do not find your service provider listed, please call the Customer Service Department at 1-800-791-9233, or TTY 711 for hearing impaired, between the hours of 8:00 a.m. and 7:00 p.m. Eastern time, Monday through Friday.

Emergency Care

A medical emergency happens when you are sick or injured — you feel your health might be in danger unless you get medical care right away. Any time you think you have an emergency, call 911 or go to the Emergency Room. In an emergency, it does not matter if the hospital is in our network or not. It does not matter if you are in our Service Area, or not. We will always cover your emergency health services.

You should call your Case Manager as soon as you are able after you get emergency care. Then, your treatment can be authorized and coordinated. All follow-up care must be provided or arranged by your doctor.

Please call Customer Service to verify covered services. Services that are considered experimental and cosmetic are not covered. For a counseling or referral service that the health plan does not cover because of moral or religious objections, the health plan need not furnish information on how and where to obtain the service.
