Dental Treatment	x	x	x	x

**What To Do For Your Child’s Smile!**

- Clean your child’s mouth twice a day, even if he/she does not have teeth yet. Wipe his/her gums with gauze. Anything that touches someone else’s mouth should not be allowed to touch his/her mouth.
- Once the first tooth appears, use a soft-bristled toothbrush and water to brush your child’s teeth.
- Children should have their first dental visit around the time of their first tooth eruption and no later than age 1.
- There should be 20 teeth in your child’s mouth by age 3.
- Never put your child to sleep with a bottle containing anything but water. Sugary foods and drinks should be avoided and products containing xylitol should be encouraged.
- Routine exams should occur every 6 months or as determined by your child’s dentist.
- Once your child learns not to swallow toothpaste, brush his/her teeth with a rice sized speck of fluoride toothpaste.

**Insurance Information**

Following is the contact information for UnitedHealthcare Community Plan that can answer questions you may have about your insurance plan and/or dentist.

**HMO Contact Information**

While every effort is made to ensure accuracy of the provider information in this directory, the status of providers may change over time. Some network providers may have been added or removed from our network after this directory was printed. In the event a provider is no longer with an office when you call, please ask the office if there are other participating providers at that location who treat members under 6 years of age. For further assistance, you may call Member Services at 1-800-941-4647 (TTY: 711).
