

Important Information

The section regarding **Fertility Preservation Services** on page 31 of this subscriber contract has been updated.

It should read:

- 3. Fertility Preservation Services.** We Cover standard fertility preservation services when a medical treatment will directly or indirectly lead to iatrogenic infertility. Standard fertility preservation services include the collecting, preserving, and storing of ova or sperm. “Iatrogenic infertility” means an impairment of Your fertility by surgery, radiation, chemotherapy or other medical treatment affecting reproductive organs or processes.

Questions? Please call Member Services at **1-866-265-1893, TTY 711**, 8 a.m. – 6 p.m., Monday – Friday.
