Page 21 – Section 7: Enrollment in our plan

Some enrollees do not have to complete the screening or wait list process if they meet all other LTC program eligibility requirements. For more information on Screening Exceptions in the LTC Program, visit the Agency’s web page at https://ahca.myflorida.com/Medicaid/statewide_mc/ltc_scrn.shtml. For example:

1. Are you 18, 19, or 20 years old?
2. Do you have a chronic debilitating disease or condition of one or more physiological or organ systems?
3. Do you need 24-hour-per-day medical, nursing, or health supervision or intervention?

If you said “yes” to all three questions, you may contact UnitedHealthcare Community Plan to request an assessment for the LTC program.

3. Èske ou bezwen sipèvizyon oswa entèvansyon medikal, swen enfimye oswa pou sante 24 èdtan pa jou?

Si ou te reponn “wi” pou touletwa kesyon yo, ou ka kontakte UnitedHealthcare Community Plan pou mande yon evalyasyon pou pwogram LTC an.
